Provider Feedback Email Selection Notification

- Reminder: Quality Champions and ACQRs receive an automated email in January and July as a reminder of site selected measures
- Opportunity to review and modify measure selection
- Last email was sent at the beginning of January
- **Michigan sites:** May want to add new P4P measures at this time

Dear MPOG QI Leader,

We are sending you this notification as part of a biannual program to remind/inform you of the measures you have selected and provide an opportunity to review and modify them.

Your site currently includes the following measures in your monthly MPOG provider feedback report:

- AKI-01: Acute Kidney Injury
- NMB-01: Train of Four Taken
- PONV-01: PONV prophylaxis
- PUL-02: Protective Tidal Volume, 8 mL/kg PBW
- TEMP-02: Thermoregulation Monitoring - Core Temperature
- TOC-01: Intraoperative Transfer of Care

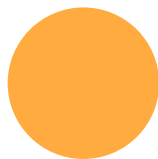

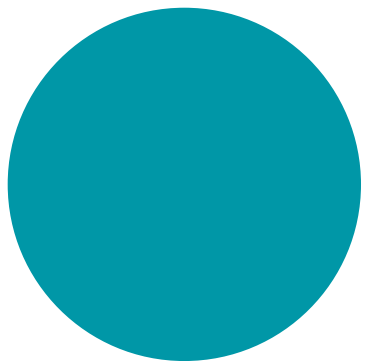

Upload Reminders

8/17	3 rd Wednesday of August	8/24	4 th Wednesday of August
9/21	3 rd Wednesday of September	9/28	4 th Wednesday of September
10/19	3 rd Wednesday of October	10/26	4 th Wednesday of October
11/16	3 rd Wednesday of November	11/23	4 th Wednesday of November
12/14	2 nd Wednesday of December	12/21	3 rd Wednesday of December

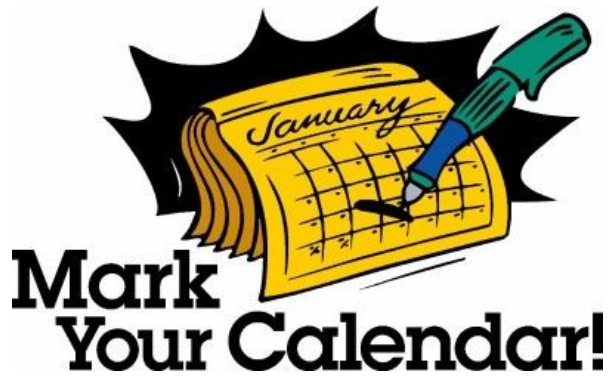

- Calendar invites have been sent to those individuals at each site who are responsible for uploading data to the MPOG database on a monthly basis
- If you did not receive a calendar reminder and would like to be included, please contact support@mpog.zendesk.com

Goal: Communicate upload deadlines more effectively to prevent provider feedback emails from being held

Upcoming Events

2022 Calendar is up
to date at
mpog.org/calendar/

ASPIRE Quality Committee Meeting: Monday, February 28, 2022

ASPIRE/MSQC Meeting: Friday April 8th, 2022

Smoking Cessation

BCBSM VBR Program:

Smoking Cessation

Measurement Period: **12/01/2021**-11/30/2022

Additional New Measures:

- 1) Improve smoking status documentation within 30 days prior to surgery. Target: 70%
- 2) Increase the proportion of smokers who receive treatment/cessation counseling. Target: 1%

Coordinating Center to send communication with more details later this week.

New additional reimbursement: 2%*

* In addition to the potential 5% from standard VBR

TOC 01 Update

Reviewed measure 11/2022 (Drs. Davies and Bouwhuis)

Discussed “modify” votes with quality champions - most were interested in better EHR tools to complete the handover process and/or include supervising providers

Several MI still working on handover initiatives - keep on dashboard

Multicenter Handoff Collaborative (APSF) and Epic workgroups - workshop 2/2022

**Measure Review
PUL 03**

**Joel Kileny, MD
St. Joseph Mercy Ann Arbor**

QC Voting rules

1 vote/ site

Continue as is/ modify/ retire

Need > 50% to retire measure

Coordinating center will review all votes after meeting to ensure no duplication

Precision Feedback Study

Zach Landis-Lewis, PhD

Evaluation and Improvement of Provider Feedback

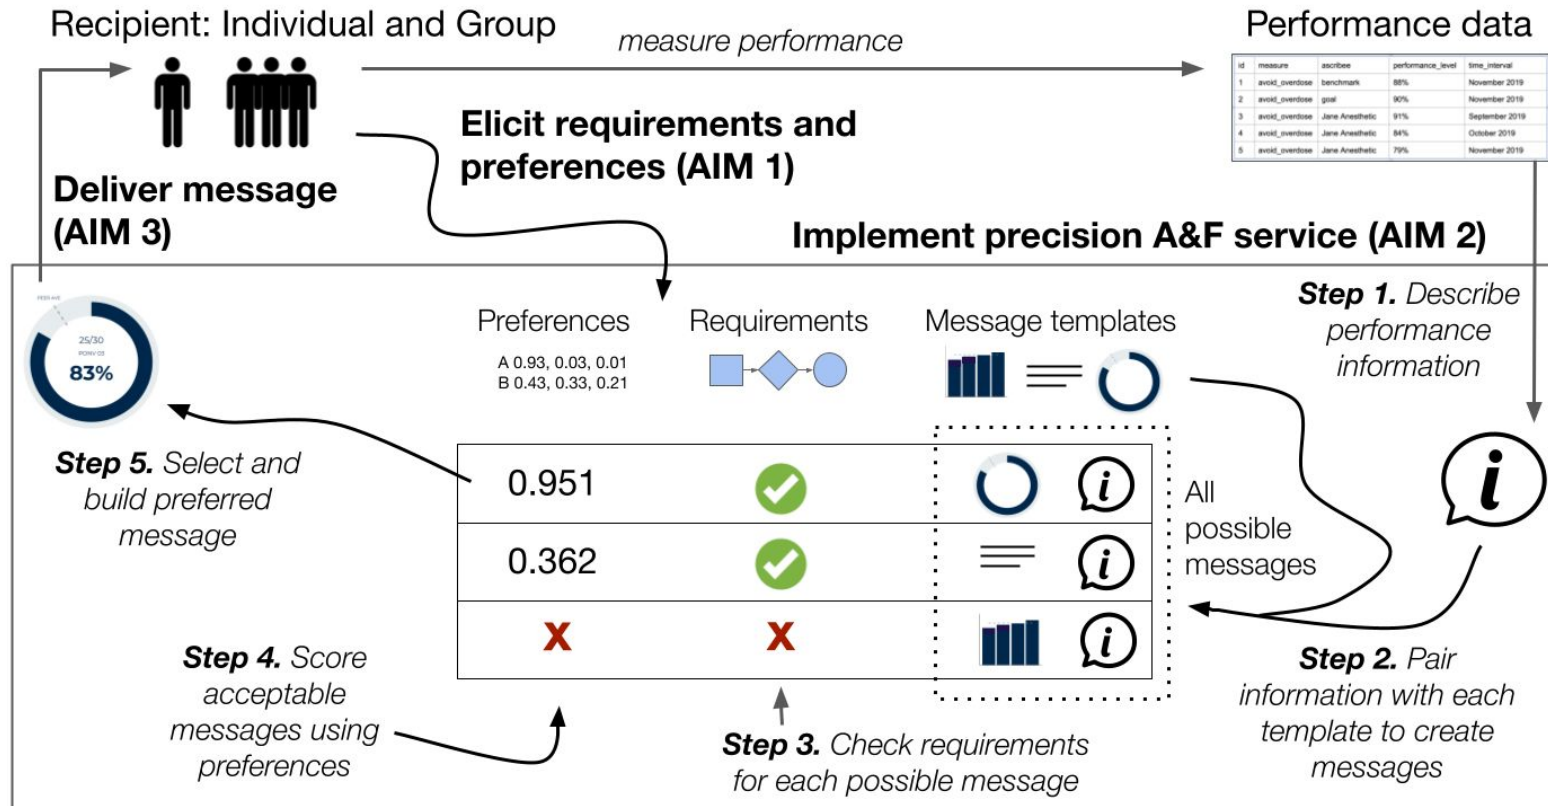

Zach Landis-Lewis, PhD, MLIS
Assistant Professor of Learning Health Sciences

Project Title: A scalable service to improve healthcare quality through precision audit and feedback

Direct Sponsor: Health and Human Services,
Department of National Institutes of Health,
1R01LM01389401

Project Dates: 9/2021 - 8/2025

NLM R01 Aims and key system functions

Delirium Project

Phil Vlisides, MD

Phillip Eleas Vlisides, MD
University of Michigan

Nonprofit corporations and independent licensees
of the Blue Cross and Blue Shield Association

New QI Project to improve delirium screening in routine clinical setting

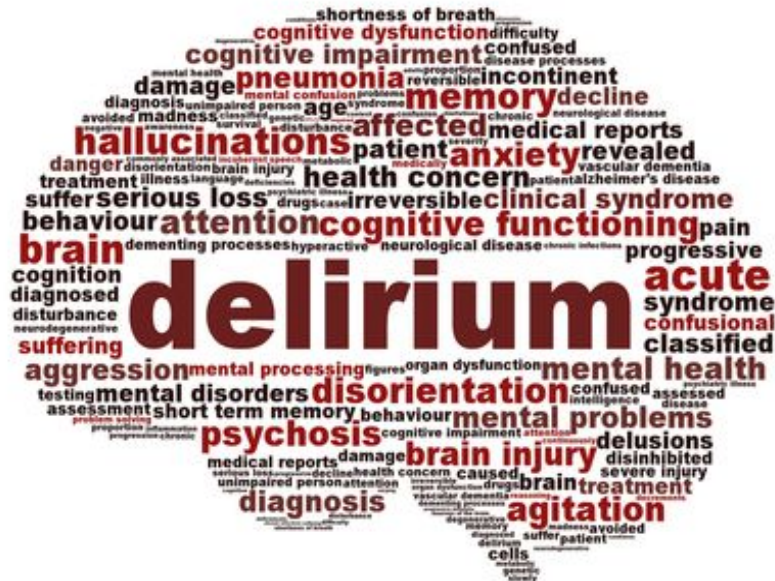

3 phased approach

Conduct surveys and focus groups with nursing colleagues to determine barriers to delirium screening practices on hospital wards.

Based on barriers identified, conduct a pilot implementation trial with the goal of improving delirium screening frequency and accuracy.

Collaborate with the Michigan Value Collaborative to determine the impact of delirium detection on healthcare value and costs during hospitalization

Thank You!
