

MPOG QI for Learners Workgroup Meeting

February 20, 2025

Agenda

- Introductions - All
- Background
- Group Discussion:
 - Current use of MPOG with learners
 - Assess utility of repurposing MPOG QI MOCA Part 4 program for learners
 - Other feedback/ideas
- Future Meeting Schedule

Background

- MPOG's ABA MOCA Part IV program has now enrolled ~1000 anesthesiologists over the last several years
- Leadership from interested MPOG sites would like to offer a similar program to other learners: Residents, SRNAs
- Presented idea at September Quality Committee and formed this workgroup to learn more about what might be helpful

Current MOCA Part 4 Program

- Automated emails sent from MPOG to ~10,000 providers nationwide
- Providers enroll individually (\$250/provider) or department can select 'Batch Enrollment' option
- Complete details including enrollment info [here](#).

Discussion

- How is MPOG data currently used within your organization to assist learners?
- Any interest in offering a similar (MOCA-like) program to other learners:
Residents, SRNAs?
 - How long should this program be? (MOCA -Part IV providers have 18 months to complete 12 attestations)
- Other feedback/ideas?

Next Steps

- Determine next steps as a group.
- How often would this group like to meet?
