

# Measure Feedback

Leif Saager, MD, MMM, FACHE, FCCM  
Department of Anesthesiology  
University of Michigan

# Current ASPIRE Measures

- **AKI 01:** Acute Kidney Injury
- **BP 01:** Low MAP Prevention
- **BP 02:** Avoiding Monitoring Gaps
- **CARD 01:** Avoiding MI- Troponin I <1.00
- **CARD 02:** Avoiding MI- Troponin I <0.6
- **FLUID -01-C:** Minimizing Colloid Use- Cardiac
- **FLUID 01-NC:** Minimizing Colloid Use- Non-Cardiac
- **GLU 01:** High Glucose Treated
- **GLU 02:** Low Glucose Treated
- **MED 01:** Avoiding Medication Overdose
- **NMB 01:** Train of Four Taken
- **NMB 02:** Reversal Administered
- **PONV 01:** Post Operative Nausea and Vomiting
- **PONV 02:** Post Operative Nausea and Vomiting- Pediatrics
- **PUL 01:** Low Tidal Volume- Less than 10 ml/kg
- **PUL 02:** Low Tidal Volume- Less than or equal to 8 ml/kg
- **TEMP 01:** Active Warming
- **TEMP 02:** Core Temperature Measurement
- **TEMP 03 (MIPS 424):** Perioperative Temperature Management
- **TOC 02 (MIPS 426):** Post-Anesthetic Transfer of Care
- **TOC 03 (MIPS 427):** Post-Anesthetic Transfer of Care
- **TRAN 01:** Transfusion Management Vigilance
- **TRAN 02:** Post Transfusion Monitoring

# Upcoming ASPIRE Measures

- **CARD 03:** Percentage of patients with high risk comorbidities with severely elevated postoperative troponin levels (Troponin I > 0.6)
- **CARD 04 (MIPS 44):** Percentage of isolated Coronary Artery Bypass Graft (CABG) surgeries for patients aged 18 years and older who received a beta-blocker within 24 hours prior to surgical incision
- **MED 02:** Intraoperative Opioid Administration
- **TOC 01:** Percentage of intraoperative anesthesia staff changes where a formal transfer of care protocol or checklist which includes key transfer of care elements was utilized
- **PONV 03:** Incidence of PONV in PACU
- **PUL 03:** Informational measure analyzing PEEP usage in patients undergoing mechanical ventilation during anesthesia

# Future ASPIRE Measures ???

- Number of Handover per case
- Benzodiazepines in age > 70 years
- Combined Metrics (Tidal volume plus PEEP)
- First Round on Time
- Turnover time
- Cost per case variation
- ???

# Thank You !
