

MPOG Status Reports give an overview of the data your institution has submitted to the MPOG Central database within the most recent 12 months. This report is sent monthly from [anes-mpog@med.umich.edu](mailto:anes-mpog@med.umich.edu) to the department chair, QI champion and PI champion at your institution. There are two sections:

1. **Case Submission and Validation Progress:** Lists the total number of cases submitted and validated per month.
2. **Data Summary Progress:** Reflects data diagnostic performance in MPOG Central. \*The status of each module is dependent on when your last case upload was and may not match your local data diagnostics.

Contact [support@mpog.zendesk.com](mailto:support@mpog.zendesk.com) to update the recipients of this email for your institution

Dear MPOG Participant,

Below are tables detailing your institution's progress in case submission and medium priority and higher diagnostics for the past 12 months.

**Case Submission and Validation Progress**

Month	Cases Submitted	Cases Reviewed
April 2019	8,764	30 / 10
May 2019	8,397	15 / 10
June 2019	8,034	23 / 10
July 2019	8,604	20 / 10
August 2019	8,681	20 / 10
September 2019	7,947	20 / 10
October 2019	9,078	20 / 10
November 2019	8,098	20 / 10
December 2019	7,961	20 / 10
January 2020	8,821	10 / 10
February 2020	8,045	12 / 10
March 2020	5,606	10 / 10
