Logi	in to MPOG with your username and password below.	
4	Username	-
٩,	Password	5
	🔒 Login	
@ For	got your password?	

- You will be directed to the login screen below.
- Type in your username and password.
- If you forgot your username or password, click on 'Forgot your password?' located below the login button near the bottom of the screen and follow the prompts.

• Once you have logged into your account, you will be directed to your Site Selected Dashboard. Measures displayed here are those that are included in your institution's monthly provider feedback emails.

 To view performance on all measures MPOG offers, select the 'Dashboards' drop down and select 'All Measures'. Other selections include Pediatric, Obstetric and Cardiac specific measure dashboards

- To review a performance summary for any measure, select the measure of interest via the measure summary drop down or by simply clicking any measure 'card'.
- Each measure displays the institutional performance (or individual performance depending on login permissions) and the targeted performance threshold.

OUTCOM

ES

Measure Summary: includes overall performance, case counts, trend over time, breakdown of primary case attribution and breakdown by location.

MULTICENTER PERIOPERATIVE OUTCOMES GROUP

To review the full measure specification, click on the "More Details" located after the measure description

Contact: support@mpog.zendesk.com

Each measure summary has an anonymized institution comparison graph for benchmarking purposes across all MPOG sites. If your institution is in Michigan, there will be an additional graph comparing sites across the state.

OUTCOM

By selecting the 'Providers List' drop down, you can see individual performance for all anesthesia providers within your institution for a particular measure.

- You can sort by Provider, Role, Score, Cases Passed, Cases Flagged, Cases Included, and % Institutional Fails by clicking the column header
- To quickly search for an individual provider, enter their name or AIMS staff ID in the search filter on the right.

						Search:
Provider	* Role	Score	🕴 Cases Passed	Cases Flagged	Cases Included	% of Institution Flags
27020	CRNA	83%	5	1	6	0%
59351	CRNA	90%	432	48	480	1%

• By selecting the 'Case Lists' tab, all failed, passed, and excluded will appear for the specific measure. You can sort the column headers by clicking the arrows next to the title of each column.

- If preferred, you may copy the MPOG Case ID from the web Case Viewer (see below) and paste into Case Viewer accessible through the MPOG application suite. This will allow you to review cases in greater detail
- Once you have opened MPOG Case Viewer and searched by 'Patient or Case ID,' you may retrieve the MRN from Case Viewer to insert into the institution electronic health record to facilitate case review.
