

# Quality Improvement: MOCA<sup>®</sup> Part IV Attestation Guide

# MOCA Part IV Provider Feedback Program

- Eligible providers enrolled in the MOCA® Part IV MPOG Provider Feedback program can attest to reviewing their failed cases in order to earn MOCA® Part IV credit.
- Through the MPOG Provider Feedback emails, providers can click on a MOCA® link that will direct them to an attestation page.
- Each month, providers must attest to reviewing at least 5 flagged cases across the selected measures (or all flagged cases if total is less than 5).

# MOCA Part IV Provider Feedback Program

- To earn the full five (5) points per measure, providers review and attest 12 times (one attestation per month x 12 months) to work towards improvement for each selected measure.
- A maximum of 25 points can be earned upon completion of the 12th attestation in an 18-month period.

# MOCA Part IV Provider Feedback Program

- MPOG will communicate the number of points received as well as final scores to the individual before attesting to the American Board of Anesthesiology (ABA) on the provider's behalf.
- For more information on MOCA® Part IV, please visit the MOCA page on the MPOG website <https://mpog.org/quality/moca/>

# MOCA Part IV Enrollment

About Join Research Quality Tools Downloads Events

Providers must already participate in MPOG's provider email feedback program through their institution.

## FEES

Enrollment fee of \$250 must be paid upon enrollment. This fee is **non-refundable** and is used to cover administrative costs to maintain the MPOG MOCA program.

## CHOOSE 5 MEASURES

Providers can select a maximum of five measures and will receive five points per measure. To receive the full credit, providers must complete the measures and attest to the results within 18-months to enrollment.

## ATTESTATION

The provider attestation will begin the month following enrollment\*

## CERTIFICATION

Once the provider has completed 12 attestations, MPOG will calculate the total number of points to be awarded and send the information to the ABA. The certification will be added to the provider's report in their ABA portal.

\*The attestation window has been expanded due to COVID-19 for any provider that had an attestation period ending between May 2020 through December 2020. Impacted providers will receive an automatic 4 month extension to complete the 12 attestations in 22 months rather than 18 months.

The screenshot shows the MPOG/ASPIRE Login page. At the top is the MPOG logo, which consists of a stylized hexagon made of smaller hexagons in blue, green, and orange, followed by the text "MPOG" in large blue letters and "MULTICENTER PERIOPERATIVE OUTCOMES GROUP" in smaller grey letters below it. Below the logo is a light green box with the heading "Login to ASPIRE" in bold green text. Underneath the heading is a welcome message: "Hello Welcome to ASPIRE. Log in with your username and password below." There are two input fields: "User Name" and "Password". Below the "Password" field is a "Login" button with a lock icon. At the bottom of the green box is a link that says "Forgot your password?".

# Once completing the attestation, you will receive the following confirmation:

**February 2023 attestation completed!**

Your monthly attestation is complete! Your attestation period is from **November 2022** to **April 2024**. See your MOCA progress below.

MOCA Countdown	
Attestations Complete	2
Attestations Remaining	10
Remaining Months in Attestation Period	14

**Note:** To earn 5 points per measure, the provider must review flagged cases for each selected measure and complete 12 attestations within an 18-month period. Providers can earn 5 points per measure for 5 measures, totaling 25 points.

- To earn the full five (5) points per measure, providers must review and attest a total of 12 times.
- A maximum of 25 points can be earned upon completion of 12 attestations in an 18-month period.
- MPOG will communicate the number of points received as well as final scores to the individual before attesting to the American Board of Anesthesiology (ABA) on the provider's behalf.

# Attestation time period is limited!

- The goal of this program is to improve care by reviewing cases each month and modifying practice as needed based on continuous feedback.
- For this reason, attestations **must** be completed by the end of the following month.
- A reminder email will be sent out one week before the attestation time period ends.
- The attestation period cannot be extended. Providers have 18 months to complete 12 attestations to accommodate missed attestations.

## Example:

If provider feedback emails including February case data were distributed on Wednesday, March 15, all MOCA attestations for February cases must be completed by April 30<sup>th</sup>.
