

ASPIRE Summer Meeting

Afternoon Session

July 20th 2018

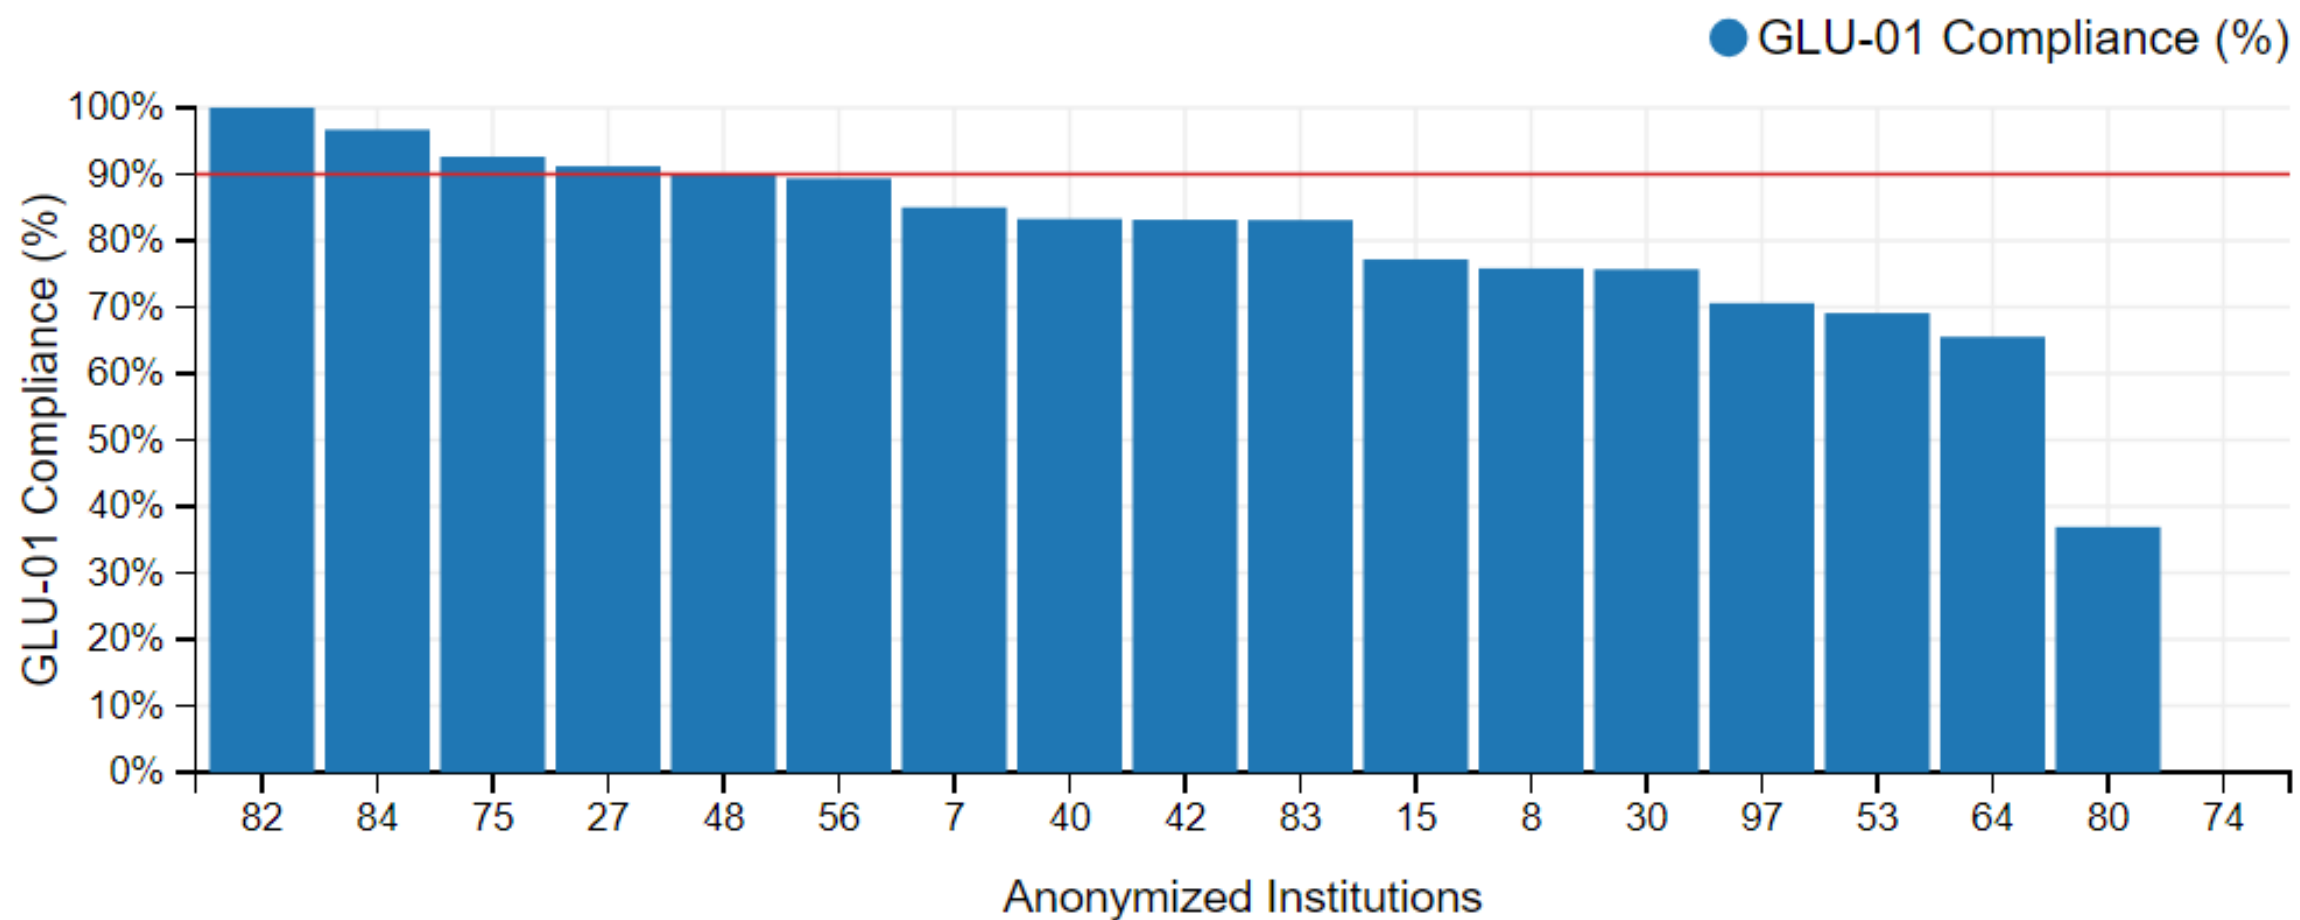

Performance Review

Amazing work on many quality measures

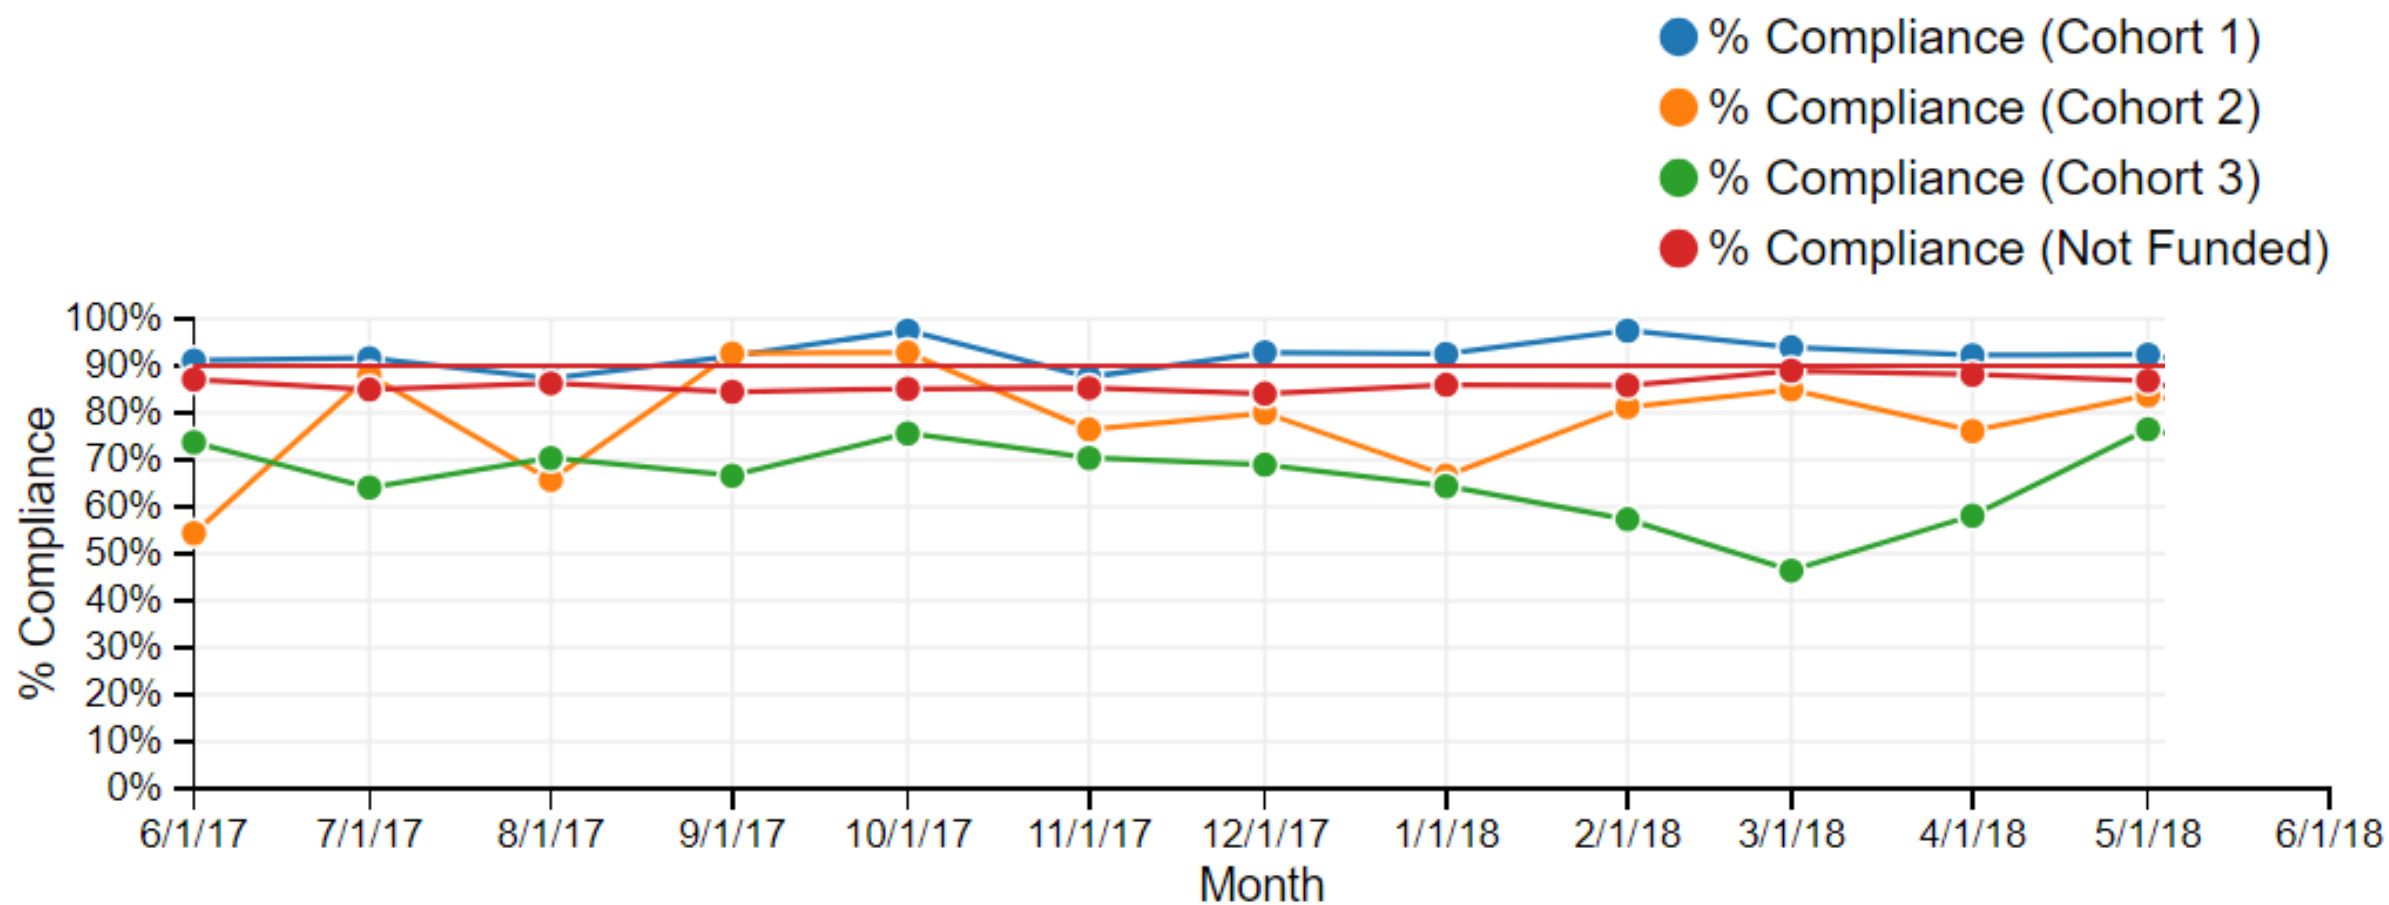

- Hemodynamic measurement (BP 01, BP 02)
- Liberal (10 cc/kg) Low Tidal Ventilation (PUL 01)
- Objective measurement of muscle relaxation (NMB 01)
- Myocardial Injury, AKI, Opioid/Benzo over-administration

We're not going to focus on these....

Next Time

- Unblind measures of focus
- Formalize/document confidentiality
- Get feedback from low and high performers (like MSTCVS)
- Figure out together how to improve care across MI

Don't Forget...

- CME Evaluations
- 2019 meetings on your calendar
- Send us your feedback regarding meeting set up, etc

Thank You!
